Dear Community Partner,

I'm pleased to inform you that the Western CT Area Agency on Aging (WCAAAA) has published the application for the "Focal Point" designation on our website. The term "focal point" means a facility established to encourage the maximum connection and coordination of services for older individuals.

Focal Points are central points where seniors and/or caregivers can access a variety of services. Senior centers, social services departments, libraries, hospitals, and universities are some examples of organizations currently serving as Focal Points. We are always looking for new partners to help us broaden the availability of programs and services to our friends and neighbors. WCAAAA is requesting applications from providers within our 41 towns, applying to be designated as a "Focal Point" for the next three years.

Awarded agencies will receive local and regional recognition and be included in the Area Plan. Focal Point awards will be provided with a certificate and listed in our Newsletter, included in our directories, and referenced on our website. Most importantly a Focal Point demonstrates your contribution to the community and highlights you in the important network working to meet the needs of our community.

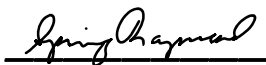

Towns in the region for Western CT Area Agency on Aging Include:

Barkhamsted	Goshen	Norfolk	Torrington
Beacon Falls	Harwinton	North Canaan	Warren
Bethel	Kent	Prospect	Washington
Bethlehem	Litchfield	Redding	Waterbury
Bridgewater	Middlebury	Ridgefield	Watertown
